

Specifications PRXES1-P2C

The PRXES1-P2C is an extension sensor (up to 2 meters) for use with WD1-K9A.

Features:

- Does not work as a stand-alone product
- Plug connection and wire cut both supervised
- If ES1-P2C is connected to the WD1-K9A, the IP67 rating is no longer valid.

Installing the ES1 (Optional)

The WD1 can function as a standalone unit or with the optional Extension Sensor. It acts as an extension of the WD1 that allows you to extend (up to 2 meters) or add an additional detection area. Install the extension sensor as shown in Figure 2. Ensure that the extension sensor is laying flat on the surface (any side); it can be secured with a mounting screw. Please note that we do not support any 3.5 mm extension cables.
